

In the Specification

Please replace the abstract with the following marked up abstract:

AI A method and apparatus ~~to provide~~ edge enhancements as part of a demosaicing process ~~are disclosed~~ in which an image is captured, ~~and edge enhancements are provided to the captured image as part of a demosaicing process.~~ By providing edge enhancements as part of the demosaicing process, ~~significant improvements in color fidelity and edge sharpness are possible because~~ the edge enhancement process has access to unaltered spatial and chromatic information contained in the raw captured image data.
